# About BIT

Founded in 1940, Beijing Institute of Technology (BIT) is one of China's leading national universities, consistently recognized under the prestigious "211 Project", "985 Project" and "Double First-Class" initiatives. BIT holds a prominent position in both domestic and global academic spheres, with its influence reflected in numerous accolades. These include a rank of 302 in the 2025 QS World University Rankings, a position within the 101-150 range in the 2024 Academic Ranking of World Universities (ARWU), 179th in the 2024 U.S. News & World Report Best Global Universities Rankings, 201-250 in the 2025 Times Higher Education World University Rankings (THE), and a commendable 9th place in the Chinese Mainland according to the QS Global Graduate Employability Rankings 2022. BIT also holds the top spot for Higher General Education Accreditation for International Students in China.

Although science and engineering remain its core focus, BIT fosters balanced growth across other disciplines, including management and the humanities, with many of its programs consistently ranking in China's top 10. In recent years, BIT has bolstered its international reputation through a robust internationalization strategy, cultivating a global talent community while continuously improving the quality of its educational offerings. This forward-thinking approach is reflected in the creation of a diverse, cosmopolitan learning and living environment on campus, underscoring BIT's growing international presence and influence. Today, BIT is proud to host a vibrant student body that includes more than 3,400 international students from 152 countries.
